## PROFESSIONAL SUMMARY

---

Enthusiastic and detail-oriented Web Developer. Skilled in creating responsive and user-friendly web applications. Skilled in React, Tailwind CSS, and full-stack technologies. Focused on delivering user-centric, innovative solutions through collaboration and problem-solving.

## SKILLS

---

- **Languages:** HTML, CSS, JavaScript, C++, PHP
- **Frameworks & Libraries:** React, Tailwind CSS, Node.js, Express.js
- **Databases:** MongoDB, MySQL
- **Tools:** Git, GitHub, Visual Studio Code, REST APIs
- **Soft Skills:** Problem-Solving, Team Collaboration, Time Management

## PROJECTS

---

### Personal Portfolio | [Source Code](#) | [Live Demo](#)

Developed website using **React** and **Tailwind CSS** to showcase projects and skills.

- Designed a mobile-optimized, fast-loading interface with clean and intuitive **UI/UX**.
- Utilized reusable React components for efficient development and scalability.

### Prescripto - Healthcare Appointment and Management System | [Source Code](#) | [Live Demo](#)

I created a healthcare web app with React. This app helps patients manage their appointments and view their prescriptions.

- Secure authentication system for user data privacy and secure login.
- Integrated **Razorpay** for seamless online payment processing.
- Designed a fully responsive UI for patients and doctors, ensuring accessibility across devices.

### Spotify Music Finder | [Source Code](#) | [Live Demo](#)

It is a web app that lets users upload an audio file, analyzes the file, and finds its perfect match on Spotify.

- Leveraged **Shazam API** and **Spotify API** for accurate music recognition and integration.
- Users can upload audio files to retrieve detailed **song and artist information**.
- Enabled discovery of similar tracks and direct playback via Spotify.
- Built with **React** and **Tailwind CSS** for a responsive, modern, and intuitive user experience.
